The committee argued that the proposal would change how the laboratory shares its data with others and how the results are kept for later review by the board members. The committee argued that the proposal would change how the laboratory shares its data with others and how the results are kept for later review by the board members.

The committee argued that the proposal would change how the laboratory shares its data with others and how the results are kept for later review by the board members. The committee argued that the proposal would change how the laboratory shares its data with others and how the results are kept for later review by the board members.

The committee argued that the proposal would change how the laboratory shares its data with others and how the results are kept for later review by the board members. The committee argued that the proposal would change how the laboratory shares its data with others and how the results are kept for later review by the board members.

Table 1. Results of the trial by group.

Group 0	1.0	2.0	0.00
Group 1	4.1	9.1	0.01
Group 2	7.2	16.2	0.02
Group 3	10.3	23.3	0.03
Group 4	13.4	30.4	0.04

* p < 0.05 for every group against the control, by a two-sided test.

[a]Data from the second wave of the survey only.
